

# A King Will Rise

by L.H. Nicole

**“I THINK I MAY BE  
FEELING THE POWER  
OF MY DRAGON  
BLOOD FAR STRONGER  
THAN I EVER HAVE.”**

**“ARE YOU TRYING TO  
TELL ME YOU’RE  
GOING TO SPROUT  
WINGS AND A TAIL  
NOW?”**

*My Dragon senses are spiking out of control. I've never felt its call this strongly before. Not even in Camelot. I wish Mother were here to guide me. Even Delphina has been of little aid. I wonder if it's reacting to something I have yet to realize. The only thing harder than controlling my Dragon is governing my desires for Aliana. They grow stronger and stronger, almost unnaturally so. But my own struggles aren't what is important right now. Activating the map, finding and retrieving the Grail, freeing my loyal knights, and finally ending Mordrid is. ~Arthur*
